

Dear Achiever,

Let's now create our living document called "Success Plan". Add in all the decisions we have already made.

To create our HOW, we look at our 5 Holistic Best Life Goals and breaking them down into smaller, more manageable steps. Think about behaviours or actions that we would be doing if we were achieving a "10" in each area. This is the type of smaller actions we put into the "How" area. They must be in direct alignment with our "best life" in each category as well as our core values and Word of the Year. Make the HOW quantifiable.

Once you have completed the Success Plan, print it out and keep it visible in order to be able to action it. If you use our App, the HAVE A PLAN section will build the Success Plan for you and make it easy to share.

Sincerely,

Team Achieve
